We're here for
every Australian facing
**HEAD AND NECK
CANCER**

Head and Neck Cancer Australia is
the only national charity dedicated
to supporting people living with
Head and Neck Cancer.

ABOUT HEAD AND NECK CANCER AUSTRALIA

Every day in Australia 15 people are diagnosed with a type of Head and Neck Cancer.

Head and Neck Cancer Australia is the only national charity dedicated to providing free, trusted and easy to understand information, education and support to people affected by Head and Neck Cancer.

We represent over 5,600 people who are newly diagnosed each year, and more than 18,000 people diagnosed in the past five years who are living with the long-term impacts of this cancer across Australia.

We also lead the national effort to advocate for government support to encourage prevention, increase early diagnosis and improve the quality of life of people living with Head and Neck Cancer.
